

PREMIUM NUTS

Background - Bolas Dry Fruits and Nuts is rapidly expanding in both reach and reputation, driven by its trusted promise of the “factory price advantage.” Known for its spirit of innovation, Bolas has consistently been a pioneer in introducing new offerings to the market. Continuing this legacy, the brand now unveils its exclusive range of Premium Nuts, marking another milestone in its journey of quality and value.

Brief - Premium nuts like Macadamia, Pecan, Hazelnut, Brazil Nut, and Afghan Mamra Almond are cherished for their limited yield and unique origins, making them rare and valuable. Macadamias thrive in select climates, Pecans mature slowly in North America, Hazelnuts flourish in Turkey and Italy, Brazil Nuts grow wild in the Amazon, and Afghan Mamra Almonds are handpicked and naturally grown-embodying purity, rarity, and excellence.

Idea - Nuts so rare, the pack too must look rare. The design has a minimalist approach, allowing the natural beauty of the nuts to take centre stage. Select packs feature windows to showcase the product's authentic form and texture. Handmade paper textures lend a crafted, organic feel to lighter variants, while rich tertiary shades create depth and luxury and sophistication.

Personality - Elegant, natural, trustworthy, and globally inspired-a perfect reflection of a brand that delivers luxury rooted in authenticity.
